## BREAKFAST.

"By a thorough knowledge of the natural laws  
which govern the operations of digestion and nu-  
trition, and by a careful application of the fine  
properties of well-selected cocoa, Mr. Eppe has  
provided our breakfast tables with a delicately  
flavored beverage which may save us many  
heavy doctor's bills. It is by the judicious use of  
such articles of diet that a constitution may be  
gradually built up until strong enough to resist  
every tendency to disease. Hundreds of subtle  
maladies are floating around us ready to attack  
wherever there is a weak point. We may escape  
many a fatal shaft by keeping ourselves well  
furnished with pure blood and a properly nourished  
frame."—See article in the Civil Service Gazette.
